Postgraduate Programmes
2014 - 2015
offered in collaboration with overseas universities
Vision and Mission

**Vision:** CityU SCOPE aspires to be a leading school in professional and life-long education.

**Mission:** To provide quality life-long education for professional practice, retraining and self-development which anticipates and responds to community needs as well as social and technological changes.

Since its establishment in 1991, the School of Continuing and Professional Education (SCOPE) of the City University of Hong Kong has been a pioneer and major provider of quality continuing and professional education in Hong Kong. As a leading School of lifelong learning, we offer a wide range of quality programmes for professional education, professional practice, retraining and self-development which anticipate and respond to community needs as well as social and technological changes.

Jointly offered with our non-local university partners, our Postgraduate Degree programmes are academically sound and career-relevant. Taught by fly-in lecturers from awarding institutions and well-qualified local practitioners who are experts in the field, our programmes offer the best possible learning experience to our participants. Apart from enhancing their domain knowledge in specialized subject areas, our programmes also provide them with a competitive edge in their profession for career change or advancement. The satisfaction of the participants across our programmes and their outstanding performance in meeting the challenges in the dynamic workplace are testimonies to our success as a provider of quality education.

Thank you for giving us the opportunity to share with you our accomplishments and aspirations. For further information on our Postgraduate Degree Programmes, please visit our website at www.scope.edu/postgraduate.

We hope that you will be interested in learning more about our quality Postgraduate Degree Programmes and become one of our active learning participants, who will enjoy their time with us as they learn, grow and succeed!

Louis C.K. Ma, PhD
Acting Director
School of Continuing and Professional Education (SCOPE)
City University of Hong Kong

MSc
International Business and Management

De Montfort University

7th intake in 2014

Thousands of lives are changed for the better every year through the inspirational teaching and vital research taking place at De Montfort University (DMU).

Based in Leicester, in the heart of England, we are a university of quality and distinctiveness and our contribution to the world around us is significant: we boost the UK economy by £389 million each year and create more than 12,000 jobs*.

Teaching excellence

DMU boasts 13 National Teaching Fellows, higher education’s most prestigious teaching awards. This is one of the highest numbers awarded to any university since the scheme began in 2000. In addition to this, more than 170 courses are professionally accredited.

Students benefit from a supportive environment and state-of-the-art facilities and our exceptional links with industry allow us to shape courses to ensure graduates are equipped with the skills and experience that modern employers need.

Leicester Business School is one of the largest providers of business and management education in the UK, and enjoys close links with major UK professional bodies, industry and the public sector. The School has over 150 academic staff and around 5,000 students studying undergraduate, postgraduate, research and professional programmes. The diverse student community includes a growing population of international students from around the world with over 60 nationalities represented in addition to many professionals studying part-time or by distance-learning, both in the UK and overseas.

- Career enhancing paid placement opportunities with top UK and multinational employers are an option for all business school students
- Strong links with professional bodies such as ACCA, CIMA, CIPD and CIM
- £35 million faculty building has state-of-the-art study facilities and social spaces

www.dmu.ac.uk/business

Programme code: 143-29360  Duration: 2 years

About the Programme
The programme provides graduates with a competitive edge in today’s international market with an advanced knowledge of business and management principles, through both practical application and theory. Upon successful completion of the programme, graduates will be able to demonstrate the ability to deal with complex issues in business and management, both systematically and creatively. They will also be able to undertake a detailed research project into an area of international business.

Programme Structure
Students are required to complete 8 taught modules (120 credits) and a dissertation which is equivalent to 4 modules (60 credits).

• Critical Perspectives in Global Management
• International Strategic Management, Markets and Resources
• Accounting for Managers
• Operations and Human Resource Management
• Research Methodology
• Strategic and Financial Decision-Making
• International Marketing
• Managing the Client Experience and Expectations
• Dissertation (equivalent to 4 modules)

CEF reimbursable modules

Entry
• A minimum of a lower second Honours Degree (or equivalent) in any disciplines from a recognised university; or
• A professional qualification deemed to be of equivalent standing; and
• Appropriate work experience at a professional level.

Applicants whose degree/qualification was not taught and assessed in English may be required to demonstrate an English Proficiency equivalent to IELTS 6.5 or TOEFL of 600.

Applicants may be required to attend an admission interview.

Teaching
Modules are taught by De Montfort University Staff in Hong Kong as well as local practitioners and academics by intensive blocks.

Fee: HK$114,000
Commencement: September 2014
Website: www.cityu.edu.hk/ce/dmumsc
Enquiries: (Tel) 3442 2097 / 3442 7013
(Email) team1@scope.edu

Special Features
- A mixture of teaching expertise: UK academics and HK practitioners.
- Student experiences are enriched by the international learning environment.
- Students are guided along their Personal Development Planning (PDP) in the course of their study.
- Career enhancement for recent graduates in a global job market.

www.dmu.ac.uk/business

Programme code: 143-29370  Duration: 12 - 18 months

About the Programme
This programme provides a fast-track route for holders of selected professional qualifications to attain a Master's qualification. It aims to help students to meet the demand for global competition coupled with continuous development in Business Management in today's business world.

Upon successful completion of the programme, graduates will be able to show the ability to employ advanced skills to conduct research, and to evaluate such research in a critical and analytical manner. They will also be able to deal with complex issues of management, both systematically and creatively.

Programme Structure
Students are required to study 90 credits, including Critical Perspectives in Global Management (15 credits), Research Methodology (15 credits), and a Dissertation (60 credits).

Entry
• Postgraduate diploma/recognised professional qualifications at postgraduate level, such as CPA, ACCA, AIA, CIMA, CIM, HKIM, CIPD, PCIL, LPC, and
• Appropriate work experience at a professional level.

Applicants whose degree/qualification was not taught and assessed in English may be required to demonstrate an English Proficiency equivalent to IELTS 6.5 or TOEFL of 600.

Applicants may be required to attend an admission interview.

Teaching
Modules are taught by De Montfort University staff in Hong Kong by intensive blocks.

Fee: HK$57,000
Commencement: September 2014
Website: www.cityu.edu.hk/ce/dmumsc
Enquiries: (Tel) 3442 4945 / 3442 7013
(Email) team1@scope.edu

Special Features
• A fast-track route for holders of professional qualifications to attain a Masters qualification.

• A highly intensive programme providing an international learning environment.
The University of Central Lancashire (UCLan) has developed into one of the UK’s largest universities with a student and staff community numbering 38,000. In all national newspaper league tables, UCLan has been the leading modern University in the North West of England for five out of the last six years. The University has academic partners in all regions of the globe and it is on a world stage that the first class quality of its education is now being recognised. The University offers a portfolio of over 500 high calibre degree courses and approximately 180 taught postgraduate programmes for students with the attitude to achieve. In the recent Research Assessment Exercise, all 17 subject areas submitted were rated as containing research of international excellence while 11 areas were assessed to be undertaking research which is world-leading.

Recent achievements:

- Ranked 23 in General Engineering (The Guardian University Guide 2014)
- Ranked 36 in General Engineering (The Complete University Guide 2014)

www.uclan.ac.uk
Programme code: 143-29190  Duration: 2 years (Part-time)

About the Programme
This broad-based programme is designed for students who have successfully completed a bachelor’s degree in an engineering related discipline or equivalent and aims to provide an integrated programme for broadening their knowledge in a quality environment.

The major aim of the programme is to provide an education opportunity for engineering graduates who will be capable of accepting extensive management responsibilities, undertaking independent and critical thinking, thus enhancing and extending their intellectual development whilst becoming conversant with the nature of the industry. This will develop their ability to arrive at optimum solutions to complex engineering, technological, organisational and managerial problems. The programme will:

i. encourage students to approach their academic and subsequent professional careers as creative and innovative managers and engineers;

ii. ensure that successful graduates will have the potential to contribute to significant advances in engineering and technological and social issues associated with the fire industries; and

iii. be as top-up course for non-fire engineering degree to meet Fire Engineering discipline requirements of Professional Engineering Institution.

Programme Structure
The programme includes 8 modules (180 credits) studied over six semester.

- Fire Protection Strategies
- Research Methods
- Risk Assessment & Management
- Advanced Engineering Design Project
- Fire Engineering Solutions
- Fires in Buildings
- Computational Fluid Dynamics
- Fire Engineering Dissertation (Double-weighted)

* The module combination and teaching sequence are subject to revision by UCLan.

Entry
Holders of Bachelor’s degree in Engineering or other relevant disciplines. E.g. Fire, Building Services Engineering etc.

Applicants whose undergraduate qualifications were not taught and assessed in English may be required to demonstrate their English proficiency equivalent to IELTS 6.5.

*Interview / Written Test may be arranged for applicants.

Teaching
Lectures & tutorial classes are delivered by UCLan academic staff and/or qualified local instructors.

Fee: HK$94,500

(*Applicants with valid IFE Membership will have 5% discount on programme fee)

Commencement: September 2014

www.uclan.ac.uk
**Programme code:** 143-29210  **Duration:** 2 years (Part-time)

**About the Programme**
The major aim of the programme is to provide an education opportunity for engineering and science graduates who are undertaking duties or will be involved in the field of fire investigation. Our target students should come from both private and public sectors such as the Fire Services Department, Law Enforcement Authorities, insurance companies, engineering companies, building management companies, and building services consultancies, etc. The main aims of the programme are to:

i. provide an in-depth study of fire scene investigation;
ii. develop the critical and analytical skills involving the principles, practices and techniques of fire scene investigation;
iii. develop competence in research methods and presentation of information; and
iv. develop skills in solving problems both independently and as a team member to a level commensurate to the master's level.

**Programme Structure**
The MSc programme includes 7 modules (180 credits) studied over six semesters.
- Accidents and Catastrophes
- Research Methods
- Practical Fire Investigation
- Fires in Buildings
- Computational Fluid Dynamics
- The Expert Witness in the Legal Process
- Fire Science Dissertation

*The module combination and teaching sequence are subject to revision by UCLan.*

**Entry**
Applicants must hold one of the following qualifications:
- An honours Bachelor’s degree of the level 2nd honours lower or above or its equivalent in an appropriate discipline, including Fire Science, Fire Engineering, Fire Scene Investigation, Chemistry, Mechanical Engineering, Electrical Engineering, Bachelor degrees in Explosion-related and Hazardous Materials disciplines.
- A Bachelor’s degree or HNC or HND or its equivalent in an appropriate discipline, together with appropriate professional experience.
- A qualification or experience deemed to be equivalent to any of the above. This may be established through interview. It is expected that applicants have a minimum of 5 years appropriate experience including 3 years significant experience in fire scene investigation or forensic fire investigation.

Applicants whose undergraduate qualifications were not taught and assessed in English will be required to have a minimum level of proficiency in English Language equivalent to IELTS band 6.5 in all sections.

*Interview / Written Test may be arranged for applicants.*

**Teaching**
Lectures & tutorial classes are delivered by UCLan academic staff and/or qualified local instructors.

**Fee:** HK$94,500

(*Applicants with valid IFE Membership will have 5% discount on programme fee)

**Special Features**

**Professional Recognition**

The MSc in Fire Scene Investigation operating in the UK (Preston) is accredited by the Energy Institute (EI) UK.
Alliant International University

Formed in July 2001 by the combination of the California School of Professional Psychology (CSPP) and United States International University (USIU), Alliant International University is an independent, not-for-profit institution of higher education with a history distinguished by innovation. AIU is accredited by the Western Association of Schools and Colleges (WASC).

California School of Professional Psychology (CSPP)

- Founded in 1969, one of the first free-standing and largest schools of professional psychology in the US.
- The Alliant CSPP’s US programs are accredited by the American Psychological Association (APA).
- Approximately half of the practising psychologists in California are CSPP graduates.

www.alliant.edu
Programme code: 143-29290  Duration: 4 - 8 years

About the Programme
This professional doctoral program adopts a practitioner model to prepare competent professionals with capabilities to deliver psychological services to diverse populations with an emphasis on cross-cultural issues. It integrates cutting-edge Western and Asian psychological theory, research and application pertaining to clinical psychology, assessment, and psychological intervention with different populations in a wide range of settings.

Programme Structure
The programme consists of 120 credits, with 78 credits for 26 taught courses and 42 credits for clinical training of at least 2,600 hours.

Year 1 (27 credits on 9 taught courses, 3 credits on practica)
- Statistics
- Research Methods and Principles of Research Design
- Psychodiagnostic Assessment I
- Theory & Technique of Clinical Practice - Cognitve / Behavioral
- Psychometrics and Advanced Statistics
- Advanced Psychopathology
- Observation and Interviewing
- Lifespan Developmental Psychology
- Cognitive & Affective Bases of Behavior
- PsyD Practicum I

Year 2 (24 credits on 8 taught courses; 9 credits on practica)
- Professional Ethics and the Law
- Theory and Techniques of Clinical Practice
  - Child Psychotherapy
  - Psychodynamic
  - Family Systems
- Social Bases of Behavior
- Psychodiagnostic Assessment II
- PsyD Research Proposal Design I
- PsyD Research Proposal Design II
- PsyD Practicum II, III, & IV

Year 3 (21 credits on 7 taught courses; 15 credits on internships)
- Theory and Technique of Chinese Clinical Practice
- PsyD Dissertation I
- PsyD Dissertation II
- Biological Bases of Behavior
- History and Systems of Psychology
- Advanced Clinical Seminar I
- Advanced Clinical Seminar II
- Half-Time Internship I, II & III

Year 4 (6 credits on 2 taught courses; 15 credits on internships)
- Advanced Clinical Skills
  - Psychopharmacology
  - Neuropsychology
- Half-Time Internship IV & VI

Entry
- Bachelor’s Degree from an accredited university with a major in psychology or a related field and 3.0 grade point average (GPA) or equivalent.
- Degree holders in non-psychology major will be required to take bridging courses if admission is granted.
- Qualified applicants who hold a Master’s Degree in Psychology or equivalent qualification in relevant discipline (e.g. educational psychology, clinical psychology, counseling, counseling psychology, family therapy, social work) would normally receive some credits exemption.

Teaching
Lectures, practica and internships are supervised by AIU staff and qualified local academics.

Fee:
- Year 1: HK$131,100
- Year 2: HK$148,200
- Year 3: HK$165,300
- Year 4: HK$100,800
(Fees will be charged two installments each year)

Commencement: September 2014

Website: www.cityu.edu.hk/ce/psyd
Enquiries: (Tel) 3442 8756 / 3442 5808
(Email) psyd@scope.edu

Special Features
- This program is designated by National Register (US) and accredited by Western Association of Schools and Colleges (WASC).
- Opportunities to obtain a US Clinical Psychologist license – advance your skills through the opportunity to spend a year in the US and receive a pre-doctoral internship training in reputable organizations.
- Allow Bachelor degree holder entry as the curriculum included both Master and Doctoral level training.
The University of Bristol

The University of Bristol is internationally acknowledged as one of the UK’s leading universities. There are 60 departments and 15 research centres in the University which are arranged in six faculties. In recent teaching and research assessment exercises, the University has performed exceptionally well, with most of its principal departments being regarded as national or international centres of research and teaching excellence. The University of Bristol was ranked 30th in the latest QS World University Rankings 2013.

The Graduate School of Education

The Graduate School of Education celebrated its Centenary in 2013. It has been offering a Master’s degree in Education Management for many years and its alumni are to be found in senior educational leadership positions throughout the UK and in over 70 countries world-wide. The Graduate School is one of the leading centres for study and research in Education in UK. It offers a wide range of programmes at postgraduate certificate, Master’s (MEd & MSc) and Doctoral (EdD & PhD) levels as well as short in-service courses and consultancies.

The Graduate School of Education was ranked in the top five education departments in the UK in the most recent Research Assessment Exercise, for the quality of its research. Equally importantly, it also received the maximum score of 24 out of 24 for the quality of its teaching in the Teaching Quality Assessment in UK.

www.bris.ac.uk
Programme code: 143-29070  Duration: 3 - 7 years

About the Programme
This long-standing programme is tailor-made for educational professionals for a lifelong path of executive leadership and educational administration in different phases and sectors of education, as well as in other public services and in the private sector. It covers a broad spectrum of topics and research components enabling participants to develop research in a field of their choices related to their professional interests.

Programme Structure
The programme comprises 7 taught units (5 Mandatory Units and 2 Optional Units) and a dissertation, including:

(A) Mandatory Units
1. Understanding Educational Research
2. Leading for Educational Change in Organizational Settings
3. Educational Policy
4. Research Methods in Learning, Leadership & Policy
5. Preparation for Dissertation

(B) Optional Units (Choose any two units below):
1. Assessment and Evaluation
2. Learning and Teaching in the Global University
3. Comparative Research
4. Testing and Assessment in Language Learning
5. Learning with New Technologies
6. Leading, Managing and Governing the 21st Century University
7. Supervised Individual Study (single or double unit)
8. Published Work (single or double unit)

(C) Dissertation

Entry
A Master's degree in education or a related subject and with at least 3 years, appropriate professional experience.

Teaching
100% taught by senior academics from University of Bristol.

Fee:
Year 1 & 2: HK$106,400 per year
Year 3 and after: HK$45,000 per year

Commencement:
September 2014

Website:
www.cityu.edu.hk/ce/edd

Enquiries:

Programme code: 143-29060  Duration: 2 years (part-time)

About the Programme
This prestigious programme is designed for education managers, administrators and practitioners to develop management and research skills relevant to their practices. It aims to develop students to become reflective practitioners with global perspectives to meet future challenges in their careers.

Programme Structure
The programme consists of 180 credits, with 120 credits for 6 taught units and 60 credits for a dissertation:

- Introduction to Educational Inquiry
- Leading and Managing Change
- Managing People
- Contemporary Perspectives on Learning
- Quality and Improvement in Education
- Developing as an Educational Researcher
- The Dissertation

Special Features

Gateway to Renowned Education Programme
- One of the top-15th universities in the UK that is recognized internationally for its research & teaching.
- More than 200 school administrators, teachers and principals from all levels of education have studied and benefitted from the programme in past seventeen years.

Unique Class Schedule
- Every taught unit is designed as one weekend block every two months to allow students to study without affecting their full-time commitment.

Valuable Networking Platform
- International mix of students providing excellent opportunity for experience-sharing and appreciation of cultural diversity.

*Ranked 15th in The Times and Sunday Times University League Table 2014.

Entry
An honours degree or equivalent qualifications recognised by the University plus a minimum of one year’s appropriate professional experience.
Non-degree holders with a teaching or other professional qualification and a minimum of one year’s professional experience may be considered for provisionally registration for the MEd degree on an individual basis.

Teaching
100% taught by high-calibre academics from the University of Bristol – Graduate School of Education.

Fee: HK$100,800
Commencement: September 2014

Facilities and Student Support

Students of SCOPE studying overseas degrees can enjoy many of the services and facilities in the CityU campus and its vicinity.

**SCOPE Student Cards** are issued for these students to access / enjoy:
- ✓ Run Run Shaw Library
- ✓ Computing Services Centre
- ✓ University’s e-Portal, electronic services and student LAN
- ✓ Express terminals around campus
- ✓ Open access areas of CityU
- ✓ Student canteen and CityU restaurants (at non-peak hours)
- ✓ Special discounts are offered at certain Festival Walk shops

**Run Run Shaw Library**
Location: 3/F, Academic 1, CityU
Website: www.cityu.edu.hk/lib

**Computing Services Centre**
Location: 2/F, Academic 1, CityU
Website: www.cityu.edu.hk/csc

**Electronic Services and Other Supports**
- **Blackboard**: centrally support e-learning platform where students can get most learning materials and communicate with teachers and classmates
- **Email account**: students will be given a CityU email account with 50MB quota
- **SCOPE Resource Centre**: located at SCOPE TSTE Learning Centre provides PCs with Internet access and space for study and discussion
- **Online resources**: available from overseas universities for most overseas degree programmes
The programmes in this booklet are exempted courses under the Non-local Higher & Professional Education (Regulation) Ordinance in Hong Kong. It is a matter of discretion for individual employers to recognise any qualifications to which these courses may lead.
